Points for Consideration:-

1. Mentors would maintain a record in attendace register of their student mentee.
2. Leave applications for mentee would be approved by their mentors.
3. Mentors would create a whatsapp group with their mentees and circulate through it all important information/instruction as and when necessary.
4. Mentors should encourage their mentee to attend mentor/mentee meetings whenever scheduled.
5. All student related issues will come to principal through respective mentors, whenever necessary.
